Nawabshah, Sindh, Pakistan

PROFESSIONAL SUMMARY

Dedicated Cybersecurity student with hands-on experience in penetration testing, vulnerability assessment, and network security. Proven track record in Capture The Flag (CTF) competitions and ethical hacking challenges. Strong foundation in risk assessment, incident response, and security risk management. Seeking an internship opportunity to apply technical skills in real world security environments.

EDUCATION

Bachelor of Science in Cyber Security

Expected Graduation: Sept 2028

Quaid-e-Awam University of Engineering, Sciences & Technology (QUEST), Nawabshah

CGPA: 3.29

Intermediate – HSC (Pre-Engineering)

August 2022 – May 2024

Model School Cadet College, Larkana

Grade: A

Matric – SSC (Science Group)

August 2020 – May 2022

Model School Cadet College, Larkana

Grade: A

Projects

Department of Cyber Security Website | University Exhibition

Built a responsive and secure website using HTML, CSS, and JavaScript. Applied security best practices, performance optimization, and interactive UI elements for a professional presentation.

Personal Portfolio Website

Developed a modern, fully responsive portfolio with dark/light mode support and cross-browser compatibility. Showcased cybersecurity projects while following secure coding standards.

Stock Exchange Management System | DBS Course Project

Designed a relational database system for stock trading operations using SQL. Implemented features for stock listings, transactions, and portfolio management while ensuring data integrity, security, and ACID compliance.

SKILLS

- Penetration Testing, Vulnerability Assessment, Red Teaming, Network Security
- Ethical Hacking, CTF Strategies, Risk Assessment, Incident Response
- Effective Communication, Team Collaboration, Time Management, Adaptability

CERTIFICATIONS

- Foundations of Cybersecurity** – Google/Coursera
- Play It Safe: Manage Security Risks** – Google/Coursera
- Connect and Protect: Networks and Network Security** – Google/Coursera
- Tools of the Trade: Linux and SQL** – Google/Coursera
- Networking Basics** – Cisco/LinkedIn Learning
- Hack The Box (HTB):** Completed 10+ machines and active CTF participant
